# Miner

## INFORMATION

Are you tired of all the other disfunctional miners or   
Tired of wasting your installs on a slow miner that is highly detected?  
Insidious Miner is for you.

By using Insidious Miner your miner will no longer get detected and be rendered useless.  
Keep on looking for C++ or VB6 or even Delphi miners? Well I can tell you  
that's unnecessary as all the external files associated with the miner bot itself are .NET.

Check out our features below.

## FEATURES
